ABOUT ME

I am a person who is highly motivated at work, good communication and quick to learn new things. I really like many kind of challenges. I have had an interest in the world of engineering since I was in college until now. Currently, I love to studies about engineering especially control and instrumentation engineering. I also passionate to study about stock market for investing in this modern era.

PERSONAL SKILL

Quiq Learner
Critical Thinking
Communicate
Optimistic
Adaptable

PROFESIONAL SKILL

Python Programing
Machine Learning Python
Data Science Tools

kaggle.com/aldisuryabriantama

Matlab Simulation
Simulink
PID Tuning
Control System Design
